TALENT ITEMS.

Mr. and Mrs. William Crosby are rejoicing over the arrival of a baby boy at their home last week. Mr. and Mrs. Horace Kirk of Salt Lake City, Utah, stopped off for a couple of days at the W. Glime home recently. Miss Alberta Seamon returned home from Brownsboro Tuesday after a six weeks' visit with relatives there. Milton Ludlow of Worthington, Minn., arrived here Saturday for a visit with the G. Ager and R. Daugherty families, former Minnesota friends. Frank Oatman and family left Monday for a camping trip to the Lake of the Woods. The Commercial Club held a special meeting at the club rooms Tuesday evening, August 13, for the purpose of completing the adoption of their constitution and by-laws and also arranged for a public meeting the first Tuesday evening in September. A committee was appointed to arrange for securing speakers and music. This will be an interesting evening and all people interested are cordially invited to be present. In compiling an estimate of the probable cost of the new tower and foundation for the water system, Engineer Stewart showed his ability by filing an estimate within \$11 of what the contract was let for. His estimate was \$2,611. T. L. says if the price of steel had not advanced he would have been still more accurate. School opens the first Monday in September. The same corps of teachers have been engaged with the exception of Miss Roberts, her place being filled by Mrs. Hogg of Ashland. A year's course has been added to the high school work and the course in vocal music will be retained. The building is being thoroughly cleaned and all seats given a new coat of varnish in preparation for the largest attendance in the history of the school. Any information patrons may wish will be cheerfully furnished by Professor Smith or the teacher in charge of the grade in which you are interested.

TRESPASS HEARING HIGHER. Assistant U. S. Commissioner Next to Get Bunting Case. Klamath Falls, Ore.—The testimony in the case of the United States vs. C. A. Bunting of Merrill, Ore., for trespass on the lateral ditches claimed by the government, is being taken before Assistant United States Commissioner Ferguson. The government bought from the owners a canal and laterals called the Adams canal, but the owners had not obtained all of the rights-of-way. To guard against trouble, there was retained from the purchase price \$5,000. One of the laterals in question, called the Stukes lateral, was built by the Stukes, who then owned the land. The canal people furnished some of the men and teams used in the work, with the understanding, so they claim, that the lateral should be the property of the canal company, when finished, but no deeds passed and the Stukes sold the land to Bunting, who has claimed the ownership of the lateral in question. If the case is decided in his favor, the owners of the canal will have to settle with him. If he loses, he will have costs and perhaps damages to pay.

AGREEMENT REACHED. Panama Bill Believed to Be in Suitable Form. Washington, D. C.—Agreement on the Panama canal administration bill was reached Thursday by the conference committee of the house and the senate. Free passage is denied to American owned ships engaged in foreign trade. Foreign ship building materials are admitted free of tariff to the United States and the interstate commerce commission is given power to break up any combination of competing rail and water lines which it finds not for the "public good." The bill now provides: Free passage for American ships engaged in coastwise trade. American registry for American owned, foreign built ships engaged in foreign trade. No tariff on ship building materials. One-man government for the canal and the canal zone. The railroad provision is drastic inasmuch as it prohibits railroads after July 1, 1914, from owning or controlling competing steamer lines "operating through the Panama canal or elsewhere."

The small boy walks an hour in the hot sun for fifteen minutes' cool swimming.

CORONADO OFF TO ALASKA.

Ship Will Carry Cargo to Northern Whaling Station.

Seattle, Wash.—Because the nearest custom house is more than 100 miles distant from Akutan Bay, Alaska, the destination of the barkentine Coronado, which sailed from Seattle Friday with a cargo of coal, crude oil and general merchandise, a special clearance has been granted by the customs department. The Coronado will take her cargo to the station recently established in the north by Captain Sverdrup, the noted Arctic explorer, for the Alaska Whaling Company, which is operating a number of whaling vessels built this year at the Duthie Shipyards, Seattle.

Her crude oil taken from this port will be "swapped" for real whale oil boiled from the carcasses of the big mammals speared in Bering Sea. The crude oil will be used for fuel for the whaling steamships Kodiak and Unimak, attached to the Akutan station.

An Eleven-Year-Old Mother. Iowa City, Iowa.—The youngest mother in medical history is an 11-year-old girl from near Pavenport, who gave birth Monday to a healthy 8 1/2-pound child.

GOOD NEWS. Many Ashland Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of had back sufferers in this vicinity are glad to learn where relief may be found. Many a lame, weak and aching back is bar no more, thanks to Doan's Kidney Pills. Thousands upon thousands of people are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading: Mrs. J. Waterman, Phoenix, Ore., says: "I have no hesitation in recommending Doan's Kidney Pills as I have had ample proof of their efficiency. Over-exertion or being on my feet for any length of time caused my back to ache and sent sharp pains through my loins. Frequent headaches and spells of dizziness also bothered me. I knew that my kidneys were at fault and hearing Doan's Kidney Pills highly recommended, I procured a supply. I began their use and they relieved the difficulties which had so long distressed me." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Belmont School for Boys BELMONT, CAL.

(25 miles south of San Francisco.) Is trying, and we believe successfully trying, to do for the moral, intellectual and the physical welfare of its boys what thoughtful parents most wish to have done. Contributive to this end are the location of the school, removed from the temptations and distractions of town or city, the fineness of its climate, the excellence of its buildings and other equipment, and the beauty and extent of its grounds, with the wide range of foothills surrounding them. We are glad to have our patrons and graduates consulted. For catalogue and other specific information address the Head Master. W. T. REID (Harvard), Head Master. G. N.
